RVLI is a dedicated team of professionals serving all aspects of the outdoor recreation industry. From RV to Camping to Marine, RVLI has expertise and knowledge relating to all things outdoors. RVLI's commitment to its clients comes with over 100 years of combined experience bringing the best possible results to suppliers, distributors, dealers and consumers. Founded in 2002, RVLI is dedicated to the success of the products and suppliers we represent through the efforts and achievements of our sales and marketing teams.

DEPENDABILITY

- We deliver what is promised, when it is promised.
- Our proactive attitude allows us to anticipate what our clients need.
- We maintain consistent communication with client's sales reps.
- Our listening ears are always on - we want to provide products, services, and knowledge that will allow your business to thrive.

KNOWLEDGE

- Extensive product knowledge - we know what the item does, how it works, and how to sell it successfully.
- Native knowledge on how to display, market, and sell to customers in order to continuously increase profitability.
- Exhaustive knowledge of competitor's products including key features and main differences.

SUPPORT

- Product training.
- Merchandising materials and ideas.
- Store set and Planogram placement.
- Show and Open House attendance.
- Maintain inventory of product samples to be utilized for marketing and sales needs.
- Marketing ideas to increase sales.

TOOLS

- RVLI Vendor Book with custom marketing pages designed to showcase all product with information and detail.
- Introduction to new products coming to market.
- Monthly newsletter with industry information.
- Product comparison charts.

RV SUPER DIGEST TABLETS

SIZE TABLET	CODE CCSDTC	WEIGHT 0.25 LBS	CU. UNIT 11.25"	CASE QTY. 20 CARDS
----------------	----------------	--------------------	--------------------	-----------------------

- RV Odor Abate and RV Super Digest can be used for both black and gray water tanks
- Lowest cost per treatment on the market – only 1 oz. needed for black water tanks and 1/2 oz. for gray water tanks
- RV Super Digest has **31 billion** enzymes that aggressively digest all tank solids, including household toilet paper, and cleans tank probes
- Works in extreme temperatures -
RV Odor Abate - up to 165° F, as low as 38°
RV Super Digest - up to 190° F, as low as 38°
- Eco-friendly, unscented, formaldehyde free, 100% biodegradable

Camp Champ

RV ODOR ABATE

A Dual-Action control takes place in the holding tank. First, a chemical reaction converts odorous gases into microscopic particles. Second, it balances the pH, allowing the naturally occurring microbes to decompose the waste without causing odor.

SIZE	CODE	WEIGHT	CU. UNIT	CASE QTY.
32 OZ.	CCBWC	2.49 LBS.	112.5"	6 BOTTLES
4 OZ.	CCBW4OZC	0.5 LB.	14.06"	12 BOTTLES

RV SUPER DIGEST

Is a highly concentrated product that contains 9 aggressive digesting enzyme strains. A 1 oz. treatment contains over 31 billion microbes to break down solids and clean probes.

Why Choose Classic Accessories RV Covers?

- ✓ Protects against all the elements—rain, sun, wind, snow, hot or cold
- ✓ Longest, hassle-free warranty in the business
- ✓ Perfect fit for any coach, even those extra tall Class A and 5th wheel models
- ✓ Best cover features—most durable and lightweight RV covers make installation a breeze

Encompass™ RV Covers

- Extra strength ripstop fabric repels water and protects against dirt and sun damage
- Air vent system and quick drying fabric combine to reduce wind stress and vent inside moisture
- Adjustable tension panels and elasticized hem corners provide a custom-like fit
- Zippered panels allow access to the RV doors and storage compartments
- Long zipper pulls reduce the need for a ladder
- Integrated strap attachment and weighted toss bag system eliminates crawling under the RV to install tension straps
- Tension panels reduce cover stress when tightening the straps
- Includes SoftGuard™ foam inserts to help protect your cover from sharp edges
- Includes a reinforcement patch kit
- Storage bag included

Encompass™ Fabric 100% WOVEN POLYESTER RIPSTOP

Tear-resistant Water-repellent Bird droppings protection Dirt, dust and scratch protection UV protection Snow protection

Includes SoftGuard™ sharp edge protectors

BRUSHES

BRISTLE TYPES

Green Flagged Nylon Bristle - Densely filled X shaped bristles increase soap and water retention capabilities. The ultra soft premium bristles are ideally suited for all surfaces including painted, gelcoat and polished aluminum. Leaves no brush strokes or veining.

Yellow Flagged Polystyrene Bristle - Heavy filled medium soft bristles are ideal for multipurpose scrubbing applications, such as bug and debris removal but will not scratch sensitive surfaces.

Stiff Blue Polystyrene Bristle - Heavy duty stiff bristles for tough jobs. Ideal for gelcoat cleaning applications. Not suitable for painted surfaces.

**EASY
REACH
SUPPLY**

PERFORMING ABOVE THEM ALL

8" BRUSH

Ideal for general multi application cleaning.

192

205

175

10" BI LEVEL

Our #1 Selling brush head. Multi dimensional brush face allows for optimal surface area washing.

195

210

210B

9.5" BRUSH

Larger footprint provides more cleaning power. Integrated bumper prevents scuffing and aides access to hard to reach spaces

203B

197B

173B

FENDER BRUSHES

Available in 8.5" or 20" lengths. Yellow Flagged Polystyrene Bristle. Ideal for fender well and wheel cleaning. Compact bristle density allows for optimal debris/road grime removal

215

216

ALL EASY REACH BRUSH HEADS ARE FLOW THROUGH EXTENSION HANDLE COMPATIBLE

ACCESSORIES

CHAMOIS AND WASH MITTS

140

Genuine Leather chamois is a natural product made from the finest selected sheep skin. Size 3.5 Sq. Ft.

145

Deluxe Wash Mitt is a dense, non-abrasive synthetic wool blend mitt with a knitted cotton cuff that gently lifts dirt from surfaces.

147

Large Wash Mitt is made from heavy-duty long wearing Lorene synthetic fibers. These highly efficient scratch-proof, double faced wash mitts carry an abundance of soap and water and withstand heat, gasoline and detergents.

DISPOSE A SCRUBS

Easy Reach Dispose-a-scrubs come complete with a plastic handle grip and interchangeable pads that are designed for a wide variety of applications. Pads include fine, medium, coarse and their application is dependent on the level of scrubbing needed. These pads are ideal for tough stains, bug and road debris removal. Handle is universal and is designed to grip the individual pad.

200KT

Dispose-A-Scrub Kit comes complete with a plastic handle and 1 each of the fine, medium and coarse 4X6" textured pads. Pads are interchangeable and reusable to handle any job.

200BL

Medium Blue Pad With Holder

200WT

Fine White Pad With Holder

200BK

Coarse Black Pad With Holder

PERFORMING ABOVE THEM ALL

SQUEEGEE

231

10" Heavy Duty metal squeegee that has a durable sponge and nylon mesh. Fits 3/4" acme thread.

BOAT HOOK

148

SF-17 Marine Grade Boat hook with thick rubber bumper to protect against damage to the interior or exterior of the boat. Versatile to fit standard threaded poles.

10" WINDSHIELD DEBUGGER WITH PAD

2216

With an 6X10 dimension, this oversized de-bugger is ideal for the safe removal of bugs, tree sap and road grime from the windshield. It attaches to any standard 3/4" acme thread to allow extension for the hard to reach areas. The fine white pad is ideal for multipurpose applications such as glass, vinyl and plastic. Pads are reusable and interchangeable. Not recommended for painted surfaces.

HITCH PITCH™

Portable Wireless Vehicle Leveling System

*The Hitch Pitch is a wireless level
that connects to a smart phone app
and makes leveling your trailer a breeze.*

RV Leveling in 4 Easy Steps

- ✓ 1. Start the app
- ✓ 2. Turn the Hitch Pitch on
- ✓ 3. Connect with the app
- ✓ 4. Start Leveling

When used with your Apple or Android smart phone application, it will reduce the time of leveling a trailer at any campsite. While using Hitch Pitch, consumers report that the time to level their trailers is usually under 10 minutes.

REPRESENTED BY RVLI

The Latest in Leveling Technology

The Hitch Pitch Advantage

- The Hitch Pitch is a portable, 9 axis aircraft quality IMU (Inertial Measurement Unit) device
- Hitch Pitch can accurately measure pitch (front to back), roll (side to side) and yaw (rotation)
- Can be used while moving to "dial in" side to side level
- Informs you how much height is needed to finish side to side level
- Works well with drive on level chocks
- Uses sound to aid in side to side leveling
- Will remember disconnect angle so it can be repeated when re-connecting to the tow vehicle
- Has bubble level screen to finish front to back leveling
- Lets you know which corners to adjust to finish the leveling task

SPECIFICATION

Range: 30m/100ft

Accuracy: 0.05 degrees

Battery Run Time: 20+ hours

Battery Standby (full charge): 1 year

Battery Recharge (from empty): 2.5 hours

Warranty: 5 years

Model Number: HP-01

Inlets

ParkPower[®] power inlets are the industry standard. Offered in three styles, they all feature robust construction and corrosion-resistant materials for long life in the harsh environments. Each has technical features that make them easy to install and a pleasure to use.

- **Easy Lock™**—ParkPower's exclusive Easy Lock™ System has been designed to connect the cordset (with an Easy Lock™ sealing ring installed) to the inlet and turn the locking ring less than a quarter turn. The tabs on the locking ring lock into the inlet for a positive watertight hook-up while eliminating any chance of cross threading. Easy Lock™ inlets have a threaded boss that will accept standard threaded cordsets as well.
- The covers on all ParkPower inlets are designed to stay hinged open when the cover is lifted up. This allows the RV'er to connect their detachable power cord while the cover remains open and out of the way. A soft touch unlocks it for closing.
- Blades are nickel plated brass for maximum corrosion resistance.
- Interior hardware is high grade stainless steel.
- **IMPROVED** Extra large tab provides more area to simplify opening and closing.
- **IMPROVED Rear Enclosure**
 - Made of flame-resistant UL94V0 plastic
 - All rear enclosures are glass-filled polyester for strength
 - Integral strain relief
 - Multiple positions allow for maximum installation flexibility

5 YEAR WARRANTY

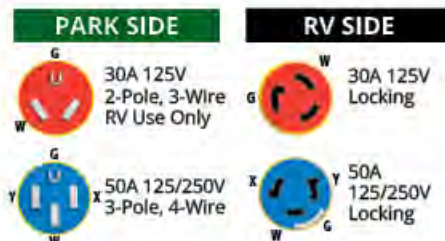

Cordsets

All ParkPower[®] cordsets are made of the highest quality construction with features you won't find on other power cords.

- Watertight molded plug and connector for safety and durability
- Heavy duty, super flexible marine-grade cable (30 amp 10 gauge, 50 amp 6 gauge)
- All models include a standard threaded ring for hook-up to ordinary threaded inlets
- Durable, bend resistant contacts
- **Power Indicator Light:** RV side connector features a molded-in LED light. When it glows red, you know you have power to the RV.
- **Contour Grip with Thumbprint Locator:** Both plug and connector ends are molded to fit the contour of your hand. When the thumbprint is in the 11 o'clock position, the blades line up for easy connection.
- **Swivel Head Handle:** Large Grip Swivel handle allows box cover to close. Keeps hand away from dangerous high voltage contacts. Easier to insert and remove electrical plug. Meets and exceeds rigorous UL testing standards.
- **ParkPower's Easy Lock™ system:** quickly locks the cord set to the inlet in just 1/8 of a turn. The tabs on the locking ring lock into the inlet for a positive watertight hookup. The exclusive locking tabs engage slots built into all ParkPower inlets. (sold separately)

TV & HDMI Inlet

TV & HDMI Inlet provides HDMI and cable TV connectors in one housing, reducing space on the RV. This inlet is designed with all the same features common in ParkPower inlets, such as UV stabilized glass-filled polyester construction for long-lasting strength and a soft touch cover.

- Soft touch covers are designed to stay hinged open when the cover is lifted up. A soft touch unlocks it for closing.
- Extra large tab provides more area to simplify opening and closing

It's All About Connecting

Wherever the road takes you, from a cross country journey to a casual getaway, when it comes to detachable power, we have what you need. ParkPower® is the industry leader in ultra-premium, feature rich cordsets and adapters. Weekender® by ParkPower products are built to offer outstanding value and the uncompromised quality ParkPower has been known for since 2004.

Inlets

Weekender by ParkPower Inlets are the industry standard. ParkPower OEM grade quality. They feature robust construction, corrosion resistant, UV stable materials for a long life in harsh environments. They include features that make them simple to install and use.

Detachable Power Cords

Connect between an inlet and a power source to provide power to the RV. Extra wide grip handles, LED indicator lights and outdoor use hard-service cable for quality, durability, and UV resistance. The included locking ring creates a watertight seal between the power cord and the inlet.

Extension Cords

Connect between a power cord and a power source to extend existing power cords. Extra wide grip handles, LED indicator lights and outdoor use hard-service cable for quality, durability, and UV resistance.

Straight Blade Adapters

Connect between a power cord and a power source to resolve power incompatibility issues. They feature heavy-duty weather resistant, UV stable construction in a compact, unbreakable PVC housing.

3 YEAR WARRANTY

Pigtail Adapters

3 YEAR WARRANTY

Connect between an inlet and a power cord to resolve power incompatibility issues. Extra wide grip handles, LED indicator lights and outdoor use hard-service cable for quality, durability, and UV resistance. The included locking ring creates a watertight seal between the adapter and the inlet.

Dogbone Adapters

3 YEAR WARRANTY

Connect between a power cord and a power source to resolve power incompatibility issues. Extra wide grip handles, LED indicator lights and outdoor use hard-service cable for quality, durability and UV resistance.

Generator Adapters

Connect between a power cord and a generator power source to resolve power incompatibility issues. They feature heavy-duty weather resistant construction in a compact, unbreakable PVC housing.

3 YEAR WARRANTY

Generator Pigtail Adapter **NEW**

30A Male To (3) 15A Female provides three 15A receptacles from a 30A generator receptacle. The clear, illuminated end provides visual feedback that power is present. Heavy-duty STW cable for outdoor use with molded ends with clear 15A end with LED indication on female end.

Y Adapter **NEW**

50A Male To (2) 30A Female provides two female RV receptacles from a 50A RV power source. Heavy-duty STW cable for outdoor use with molded ends with handles on female end and male ends.

Portable Surge Protectors

Weekender portable surge protectors provide surge protection and detect wiring faults at the pedestal. The compact footprint and intuitive design simplify storage and usage.

- Open ground, open neutral & reverse polarity detection
- Mis-wired pedestal indication
- Surge failure indicator
- Brighter 3-color LED indicators
- Weekender pull handle
- Weather resistant /designed for outdoor use

Surge ratings:

- 30A: 22,500A max spike / 825 joules
- 50A: 45,000A max spike / 1,650 joule

3 YEAR WARRANTY

Provided herein is all:

The leading global companies delivering E-Track

For over 20 years, Progressive Industries has been dedicated to protecting your RV from faulty electrical conditions. All Progressive Industries' Surge Protectors detect and/or protect from poor and/or unsafe electrical conditions such as: open ground, open neutral and reverse polarity. Designed to protect RV electronics from power surges by absorbing the surge and indicating the product has been compromised.

*Lifetime Warranty does not include All Weather Shield Assembly

PORTABLE SURGE PROTECTORS

Portable Smart Surge Protectors (SSP)

Progressive Industries Smart Surge Protectors (SSP) are portable surge protectors with the added benefit of a built in polarity protector that checks the status of the power source prior to use – providing an extra level of protection. The compact footprint and intuitive design simplifies storage and usage.

- Open ground, open neutral & reverse polarity detection
 - Mis-wired pedestal indication
 - Surge failure indicator
 - Thermally protected
 - Brighter 3-color LED indicators
 - Rugged pull handle
 - Weather resistant /designed for outdoor use
- SSP-30XL & SSP-50XL models include:**
- All weather shield assembly with tough Lexan housing
 - Cable splash-up guard
 - Security locking bracket
- Surge ratings:**
- 30A: 22,500A max spike / 825 Joules
 - 50A: 45,000A max spike / 1,650 Joule

Includes All Weather Shield*

SSP-50XL 50A, 120/240V, 12,000W

SSP-30XL 30A, 120V, 3,600W

SSP-50XL

EMS Portable Surge Protectors

Progressive Industries' portable Electrical Management System (EMS) protects your RV from incorrectly wired shore power, voltage fluctuations and numerous other problems that can cause damage to RV electronics.

- Open ground, open neutral & reverse polarity detection and protection
- High and low voltage protection (Low <104, High 123>)
- A/C frequency protection
- Time delay (136 seconds)
- Current indication
- Previous error code (PE)
- Surge failure indicator
- All weather shield assembly with tough Lexan housing
- Security locking bracket
- Thermally protected
- Rugged pull handle
- Built-in scrolling digital display
- Weather resistant /designed for outdoor use

Surge ratings:

- 30A: 44,000A max spike / 1,790 joules
- 50A: 88,000A max spike / 3,580 Joule

EMS-PT50X 50A, 120/240V, 12,000W

EMS-PT30X 30A, 120V, 3,600W

Advanced technology for maximum detection and protection

scrolling digital readout

EMS-PT30X

EMS-PT50X

Portable Surge Protector Kits **NEW**

Portable surge protector kits contain a separate receptacle tester to detect wiring faults at the pedestal and surge module to attach to the detachable power cord. Separating the two functions reduces the size of the product while increasing protection from inclement weather. Kit contains receptacle tester and surge module.

RV Surge Modules **NEW**

Surge modules attach to the detachable power cord to provide surge protection. The compact size increases protection from inclement weather. Contains surge protection indicator alerting user when depleted.

Surge module ratings:

- 30A: 22,500A max spike / 1,100 Joules
- 50A: 45,000A max spike / 2,030 Joules

RV Receptacle Testers **NEW**

Receptacle testers detect wiring faults at the pedestal, including open ground, open neutral, open hot, hot/neutral reversed and hot/ground reversed. Includes swivel handle for easy removal from the pedestal.

Resettable Circuit Breaker Adapter **NEW**

50A RV male to (2) 15A female resettable circuit breaker adapter provides 2 resettable 15A receptacles from a 50A pedestal. This adapter is designed for 30A RV users that do not want to draw additional power from their 30A or 15A service which may trip breakers at the pedestal. Each 15A receptacle is wired independently to an illuminated circuit breaker making it the safest and easiest to use solution for additional 15A power. The compact design allows the electrical box to close and makes it optimal for use with power strips and extension cords.

CBA-5015

HARDWIRED SURGE PROTECTORS

Permanently installed on the vehicle

- Always available after installation
- Protected from outdoor conditions

EMS Hardwired Surge Protectors

Progressive Industries' hardwired Electrical Management System (EMS) protects your RV from incorrectly wired shore power, voltage fluctuations and numerous other problems that can cause damage to RV electronics.

- Over/Under voltage protection
- Open ground, open neutral & reverse polarity protection
- High and low voltage protection (Low <104, High 123+)
- Current Indication
- Previous error code
- A/C frequency protection
- (2) Adjustable time delay settings
- Remote digital display (HW50C & HW30C models only)
- Built-in digital display (LCHW50 & LCHW30 models only)
- Field serviceable
- UL certified and meets CSA standards

Blue Sea Systems was founded in 1992 based on a commitment to create innovative, high quality electrical products to improve the safety, simplicity, and reliability of equipment. Since that time the range of product has expanded to over 1,000 items and distributed to customers in over 50 countries to Marine, RV, Industrial and Specialty Vehicles markets. The company is committed to offering quality products that are engineered for harsh environments, built to last, with a guarantee of satisfaction and industry leading technical support.

4-Way Connectors and Sockets

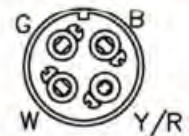

Pollak[®]
by **SMP**[®]

- High impact plug interiors are secured with a key and keyway to eliminate twisting (disorientation) and breakage with make and break forces that apply in normal function
- Extended exterior and socket conceals terminals
- Unique cable clamps prevent chafing, gives more cable support and saves installation time
- Integral finger grips for positive pull, difficult to shake loose
- Stainless steel spring
- Dust and water resistant
- Polarized for proper wiring
- Terminals accept up to 12-gauge wire
- Two 1/4" diameter mounting holes on 4-Way sockets. 2 7/8" on center. Mounts through 1 3/8" diameter hole.
- Interchangeable with competitive brands

4-POLE SOCKET

Car and Trailer End

- Two 1/4" diameter mounting holes on 4-Way sockets. 2-7/8" on center. Mounts through 1-3/8" diameter hole
- Staking methods proven in long term usage. No possibility of molding compound contamination contacts causing "dead spots."
- Unique method of machining from solid bar (not stamping) and spring loading contacts which give trouble-free service. Over 1.5 million trucks utilize this type of heavy duty connector contacts.
- 'Floating Pins' originating with Pollak and a standard for the trucking industry are self-aligning offering continuous wiping action and the most positive contact
- Terminals designed for 2-8 gauge, 2-12 gauge and 5-14 gauge to new industry standard doe minimum voltage drop
- Contacts on both the trailer and car side spring loaded. Completely field serviceable.

Glass Filled Nylon - Car End

7-Way Connectors and Sockets

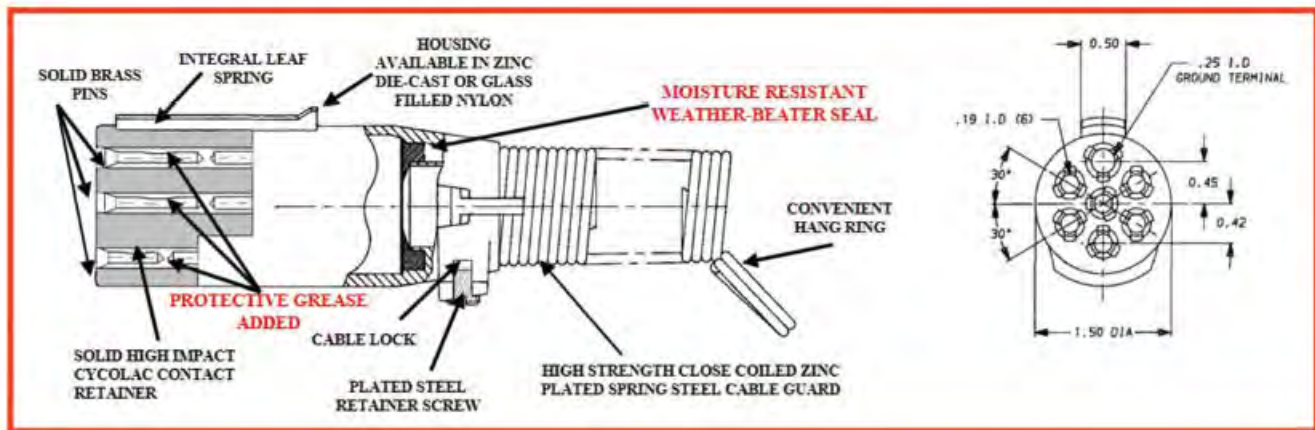

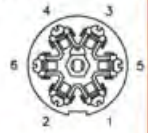

Pollak[®]
by **SMP**[®]

- Meets and exceeds all standards of SAEJ560
- Floating pins for ease of alignment and maximum contact
- Optimum slant mount and drain slot rid housing interior of accumulated moisture
- Will accept the widest range of gauges from 16 wires to 8 ground wire.
Ground Terminal Pin #1 will accept 14-gauge min. to 8-gauge max.
Other terminals will accept 16-gauge min. to 10-gauge max.
- 40 Amps continuous duty at 6-28 VDC.
- WeatherBeater seal accommodates .450 minimum wire diameter
- Recommended mounting hole is 2" diameter
- Interchangeable with competitive brands

UNIQUE INTERIOR DESIGN

ELIMINATES SHORTING OUT-

Non-corroding, shock-resistant interiors with unique terminal reinforcer dams that eliminate short circuiting by preventing contact from spreading. Center pin will take up to 8-gauge wire for battery charge system.

*** Pollak's terminals are machined from solid brass bar stock unlike some competitors that provide unplated terminal pins stamped from sheet metal. Brass terminals ensure minimum voltage drop and dielectric grease protects against corrosion and resistance.**

*** Pollak's 7-Way connectors are manufactured from quality materials and will help reduce maintenance cost and down-time associated with electrical failures.**

*** Pollak's unique interior design eliminates shorting out. Non-corroding, shock-resistant interiors with unique terminal reinforcer dams that eliminate short circuiting by preventing contact from spreading. Center pin will take up to 8-gauge wire for battery charge system.**

14-227 Overmolded Trailer Side Connector

The Issue

GM Technical Service Bulletin reports that the V-shape terminal on a competitor unit may result in repetitive signals being transmitted, causing a "Check Trailer Wiring" or "Service Trailer Brake" error message.

Pollak® Solution

GM recommends the use of the Pollak® 14-227 trailer side connector. The Pollak's 14-227 overmolded design is superior to the competition.

- A complete solution that features a wire enclosed in PVC instead of a convoluted (loose plastic) covering
- Wiring built to withstand high temperatures and corrosion from harsh environments
- Unique flat blade single swipe design
- Meets or exceeds SAE J560

14-227

Ram Trucks w/
6 Cyl. 6.7L Engines (2018-13)

Additional Pollak® Trailer Solutions

11-898

- 11-893 vehicle side connector and 12-711U bracket
- Interlocking connector seals out moisture and forms weather

11-933

- Connects to OEM Mopar wiring harness
- High impact nylon construction
- Copper plated

12-716

- Converts 7-Pole Blade connector to a 4 -pole molded connector
- Tethered cap for protection from sand, dirt or moisture intrusion

11-916

- Replacement 7-pole sealed socket
- High-impact nylon construction
- Copper-plated terminals with silicone seal

Surface Mate PATIO RUG

Surface Mate Patio Rug

- UV-protected against sun damage & fading
- Finished on all edges
- Solid marine backing prevents dirt & mud from coming through
- Resistant to mold & mildew

Stake, stick or snap your Surface Mate Patio Rug into place. Four hooked-fiber strips with snap fasteners sewn into the corners give you the freedom to attach the rug to a variety of surfaces. Stake the rug into soft ground using the included metal stakes with washers and highly durable straps, or for a more permanent attachment, drill the four included snap fastener screws into place on a hard wood deck, then simply snap the rug in place. All-weather rugs are made of heavy-duty outdoor turf that features UV-protection plus mold and mildew resistance. Rugs are finished on all edges to prevent fraying and easy to clean.

	Gray	Brown Tan	Green	Imperial Blue	Espresso
6' x 9'	2-1184	2-1181	2-1180	2-1183	2-1182
8' x 12'	2-1204	2-1201	2-1200	2-1203	2-1202

Each Set Contains: 1 - Surface Mate Patio Rug, 4 - Rubber Stake-Down Straps, 4 - Ground Stakes with Washers, 8 - Hook-And-Loop Fastening Discs, 4 - Snap Fastener Screw Straps

ATTACHES TO MOST SURFACES!

AERO-WEAVE™ Breathable Outdoor Mat

Aero-Weave Breathable Outdoor Mat

- Allows air and sunlight to flow through
- UV-Protected to prevent sun damage and fading
- Comes in reusable zipper-bag for storage

Better on grass than ordinary patio mats! Made of PVC-coated polyester mesh allowing air and sunlight to flow through. Each mat is UV-protected to prevent sun damage and fading. Includes brass grommets for easy stake-down. Simple to clean with soap and water. Available in 3 colors and comes in a reusable zipper bag for compact and convenient storage.

- ✓ Extensive RV OEM Usage

ASSEMBLED IN THE USA

The RV Safe alarm is unsurpassed in its use of the latest technology to quickly and accurately alert occupants of the presence of deadly Carbon Monoxide and Propane Gas.

- Alerts users to hazardous levels of Carbon Monoxide and Propane gas.
- Meets or exceeds all UL2034 requirements for Carbon Monoxide alarms in Recreational Vehicles.
- Meets or exceeds all UL1484 requirements for propane gas alarms in Recreational Vehicles.
- Uses the latest in advanced electrochemical CO sensors to detect carbon monoxide.
- Fewer false alarms from non-threatening chemicals and gases due to our highly selective carbon monoxide sensor.
- Increased RV battery life compared to competitor's alarms due to our unique low power gas detection circuitry.
- Test / Silence button allows for easy testing of the alarm and quickly silence nuisance alarms.
- Sleek and modern low profile design.

More About RV Safe

- Compact design enables installation almost anywhere on the walls and cabinets.
- Simple to install with only a 3/4 inch hole required for the wires and two flat head self tapping screws. No sawing or routers required.
- Available in plastic black or white plastic to best fit the decor of your recreational vehicle.
- The low profile, softly curved shaped eliminates the chance of being broken off the wall in confined spaces.
- Available in both two (standard) and three wire configurations to allow for connection to a secondary battery source.
- Alarm activates with a four beep pattern with a flashing red LED for CO gas, or a continuous beeping with a solid red LED for Propane gas. If both gases are present, the alarm will indicate Propane as it requires more immediate action.
- Assembled with state of the art, robotic automation to produce consistently high quality and reliability.
- Designed, tooled and assembled in the USA.

White Plastic Option

Each Alarm Includes 2 Universal Mounting Brackets

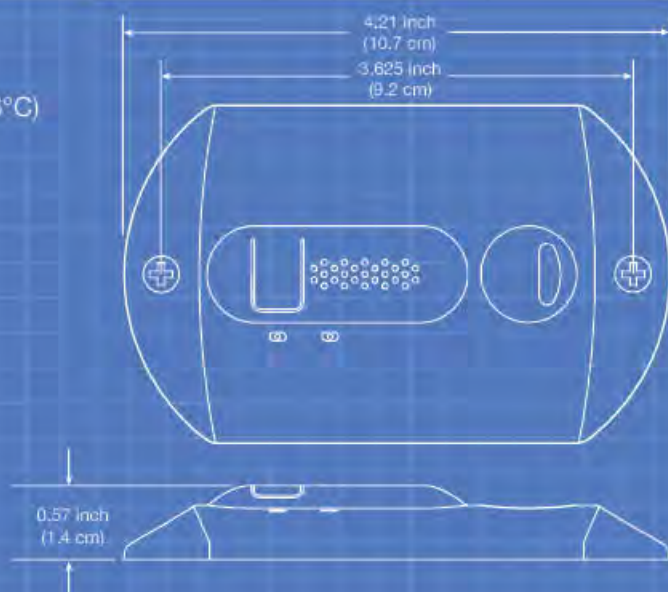

Suitable for Replacing:

- Safe-T-Alert™ 20 series, 25 series, 30 series, 35 series, 40 series, 45 series and 65 series
- Most Atwood and Dometic branded CO / Propane alarms
- Universal mounting brackets allow replacement of almost all detectors on the market

Specifications:

Operating Temperature: -40°F to 150°F (-40°C to 66°C)
 Length: 4.21 in (10.7 cm)
 Height: 0.57 in (1.4 cm)
 Hole Spacing: 3.625 in (9.2 cm)
 Weight: 1.3 oz (37 g)
 Sound Pressure: 85 db
 Voltage Requirements: 8 to 15 VDC
 Current Draw: 17 mA at 13.5 VDC
 CO Sensitivity: 70 ppm for 60 to 120 minutes
 150 ppm for 10 to 30 minutes
 400 ppm for 4 to 15 minutes
 LP Sensitivity: 4200 ppm (<20% LEL)
 Listings: ETL, cETL, CSA 6.19.01
 Listing Standards: UL 2034 (CO)
 UL 1484 (Propane)

BECAUSE LIFE ON THE ROAD IS WHAT OUR RACKS ARE BUILT FOR

Not every bike rack is created equal. That means, not every rack can be used on the back of any vehicle. Travel Trailers and 5th Wheels have a different type of suspension that makes it rougher and therefore requires a specific type of rack.

Swagman's RV Approved category products are put through a rigorous testing program that simulates the conditions of being towed behind a trailer to ensure that our bike racks can endure the extra stress. Look for the **RV APPROVED** logo on Swagman products to ensure your bikes and trailers are properly protected.

HOW MANY BIKES DO YOU WANT TO CARRY?

E-SPEC 2 BIKE PLATFORM RACK

CARRIES: 1 OR 2 BIKES
FITS: 2" HITCH RECEIVER
CAPACITY: 70 LBS PER BIKE
ITEM: 66689

FEATURES:

- Fits 2" Hitch Receiver
- Fits most frame sizes and shapes
- Will carry up to two 70 lb. e-Bikes
- Folds up against rear of the vehicle when not in use
- Includes 2 same key lock cylinders to lock bikes and locking hitch pin
- Fat tire trays sold separately (#64679)

ESCAPEE 2 BIKE PLATFORM RV RACK

CARRIES: 1 OR 2 BIKES
FITS: 2" HITCH RECEIVER OR BUMPER MOUNT
CAPACITY: 60 LBS PER BIKE
ITEM: 64693

FEATURES:

- Zero frame contact
- Ratcheting arms only grab bike by the wheels
- Includes 2 same key lock cylinders to lock bike to rack
- Designed for heavy duty use (E-bikes up to 60 lbs.)
- Comes with a threaded locking hitch pin

DISPATCH 2 BIKE PLATFORM RV RACK

CARRIES: 1 OR 2 BIKES
FITS: 2" HITCH RECEIVER OR BUMPER MOUNT
CAPACITY: 45 LBS PER BIKE
ITEM: 66684

FEATURES:

- Locking hitch pin and cable included
- Adjustable wheel straps secure wheels to tray
- Adjustable hooks secure frame to rack
- Cam lever works to easily lower vertical post
- Increased ground clearance over the #64663

NOMAD 2 BIKE PLATFORM RV RACK

CARRIES: 1 OR 2 BIKES
FITS: 2" HITCH RECEIVER OR BUMPER MOUNT
CAPACITY: 35 LBS PER BIKE
ITEM: 66670

FEATURES:

- Adjustable wheel trays
- Wheel tray arms fold up for compact storage
- Adjustable hooks secure bike to rack
- 7" increased ground clearance over XC2

TRAVELER XC 2 2 BIKE PLATFORM RV RACK

CARRIES: 1 OR 2 BIKES
FITS: 2" HITCH RECEIVER OR BUMPER MOUNT
CAPACITY: 35 LBS PER BIKE
ITEM: 64663

FEATURES:

- Push button ratchet arms easily adjust to secure bike
- Fits into a 2" Class 3 hitch or use the bumper adaptor and mount it to a 4 to 4.5" continuous steel welded RV bumper, creating a 2" receiver

TRAILHEAD 4 RV

4 BIKE TWO ARM RACK

CARRIES: 1,2,3 OR 4 BIKES

FITS: STANDARD 2" HITCH RECEIVER

CAPACITY: 35 LBS PER BIKE, 100 LBS TOTAL

ITEM: 63381

FEATURES:

- ❑ Anti-sway cradles prevent bike to bike contact
- ❑ Arms fold down when not in use

THE STRADDLER

2 BIKE RV RACK

CARRIES: UP TO 2 BIKES + 2 BIKE CARRIER

FITS: MOST TRAVEL TRAILER "A" FRAMES

CAPACITY: 100 LBS TOTAL (INCL. BIKE RACK)

ITEM: 80503

FEATURES:

- ❑ Steel construction
- ❑ Powder coated to resist corrosion
- ❑ Designed to create a 2" receiver on the nose of the travel trailer
- ❑ Allows the user to utilize their own hitch mounted bike racks that do not need to be RV Approved

AROUND THE SPARE DELUXE

2 BIKE RV RACK

CARRIES: 1 OR 2 BIKES

FITS: 4 TO 4.5" STEEL BUMPER

CAPACITY: 35 LBS PER BIKE

ITEM: 80501

FEATURES:

- ❑ New anti-sway cradles prevent bike-to-bike contact
- ❑ Carries up to 2 bikes
- ❑ Mounts around most spare tires

RV BUMPER RACK

2 BIKE RV BUMPER RACK

CARRIES: 1 OR 2 BIKES

FITS: 4 TO 4.5" STEEL BUMPER

CAPACITY: 30 LBS PER BIKE

ITEM: 80605

FEATURES:

- ❑ Heavy duty steel construction
- ❑ Mounts on 4 to 4.5" continuous welded steel bumper
- ❑ Simple and easy to attach and use

RV BUMPER RACK

4 BIKE RV BUMPER RACK

CARRIES: 1, 2, 3 OR 4 BIKES

FITS: 4 TO 4.5" STEEL BUMPER

CAPACITY: 30 LBS PER BIKE

ITEM: 80600

FEATURES:

- ❑ Heavy duty steel construction
- ❑ Mounts on 4 to 4.5" continuous welded steel bumper
- ❑ Simple and easy to attach and use

RV BUMPER ADAPTOR RV LIFE APPROVED 2" TRAILER HITCH RECEIVER

CARRIES: 1 HITCH MOUNT RACK

FITS: 4"- 4.5" CONTINUOUSLY WELDED STEEL BUMPERS

ITEM: 64025

FEATURES:

- ❑ Solid steel construction
- ❑ Easy installation
- ❑ Power coated to resist corrosion
- ❑ Not to be used for towing or with cargo carriers

ACCESSORIES

RV BIKE BAG HORIZONTAL BIKE BAG

LOAD: COVERS UP TO 2 BIKES

FITS: HITCH RACKS

ITEM: 82007

FEATURES:

- ❑ Covers up to 2 bikes
- ❑ Specially designed for bicycles that are mounted on a platform-style, hitch mounted bike rack
- ❑ Protect and hide your high value bikes

BAR ADAPTORS 1 BIKE ADAPTOR

CARRIES: 1 BIKE

FITS: BIKES WITH SLANTED FRAME TUBE
(IE. STEP THROUGH FRAMES)

FEATURES:

- ❑ The Swagman Bar Adaptor creates a horizontal cross bar for bikes so they can be mounted onto racks that require a top horizontal tube
- ❑ Adapter comes equipped with vinyl-coated hangers
- ❑ User friendly quick release

DELUXE

ADJUSTS FROM 19" TO 26"

ITEM: 64005

EBIKE/CRUISER

ADJUSTS FROM 25" TO 31"

ITEM: 63999

ROAMER LT ROOF RACK

CARRIES: 1 OR 2 BIKES

FITS: TENT TRAILERS, TRUCK CANOPIES
AND TONNEAU COVERS

CAPACITY: 150 LBS TOTAL (INCL. BIKE RACK)

ITEM: 80510

FEATURES:

- ❑ Once mounted, the Roamer LT can accommodate a variety of bike & watersport roof racks
- ❑ Cross bars (84" in length)
- ❑ Carries up to 150 lbs of weight (including the weight of bike rack)
- ❑ Carrier Weight: 27 lbs.
